CHAIRMAN'S STATEMENT

Dear Shareholders,

On behalf of the board (the "**Board**") of directors (the "**Directors**") of Sheung Yue Group Holdings Limited (the "**Company**"), it gives me great pleasure to present you the audited financial statements of the Company and its subsidiaries (collectively referred to as the "**Group**") for the year ended 31 March 2018 (the "**Reporting Period**").

The Group has over 47 years of experience in the provision of foundation works and ancillary services in Hong Kong and Macau. We are a well-established contractor with job references both in large scale infrastructure projects and in housing and commercial buildings development in both private and public sectors. The commitment of our strong and dedicated management team to provide quality work and service has played a vital role in building up the Group's reputation for its excellence in expertise and experience.

To maintain our competitive edges, the Group endeavours to adhere to its business strategy, reinforce our capability in foundation design and project management skills and diversify our services portfolio in order to capture more business opportunities. In particular, the Group has been engaged to provide general building works services in a project and such general building works is expected to commence in the second half of 2018. In addition, the Group will keep exploring various potential business opportunities that will broaden our sources of revenue so that our shareholders' return can be maximized.

On behalf of the Board, I would like to take this opportunity to extend my sincere appreciation to our shareholders, customers and suppliers for their continuous support, as well as the management team and the staff of the Group for their hard work and contributions in the past year.

The Board declares no final dividend for the year under review.

Mr. Chan Lap Wai Gary
Chairman

Hong Kong, 27 June 2018

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

During the Year, the Group was engaged in the provision of foundation works in Hong Kong and Macau. The scope of foundation works undertaken by us mainly includes piling construction (such as driven H-piling, socketed H-piling, precast prestressed concrete piling, mini piling, soldier piling, pipe piling and king posts), ELS works, pile cap construction, site formation and ancillary services (such as loading test and construction machinery leasing services).

As at 31 March 2018, there are nine projects on hand with total contract sum amounting to approximately HK$435.1 million. Six projects are expected to be completed in the forthcoming financial year. Subsequent to the financial year end, the Group was awarded three foundation projects with total contract sum amounting to approximately HK$105.9 million.

PROSPECTS

Due to certain delays in the progress of approving infrastructure projects by the Legislative Council of Hong Kong and the Finance Committee of the Legislative Council of Hong Kong in the past few years, there has been reducing projects available in the construction works market which has driven more intense competition within the construction industry. Furthermore, there have been shortage of construction labour and rise of construction costs in recent years. The combined impact of the above factors leads to the dilution in the profit margin of our construction works projects.

To maintain our competitive edges, the Group endeavours to adhere to its business strategy, reinforce our capability in foundation design and project management skills and diversify our services portfolio in order to capture more business opportunities. In particular, the Group has been engaged to provide general building works services in a project and such general building works is expected to commence in the second half of 2018. In addition, the Group will keep exploring various potential business opportunities that will broaden our sources of revenue so that our shareholders' return can be maximized.

FINANCIAL REVIEW

Revenue

The Group's total revenue for the Year was approximately HK$220,240,000 (for the Previous Year: approximately HK$403,266,000), representing a decrease of approximately 45.4% over the Previous Year. The decrease was mainly due to the delay in commencement of our works in a foundation works project with a contract amount of approximately HK$198.0 million. Such foundation works project was awarded to the Group in October 2017 with the handover of relevant work site to the Group in December 2017. Nevertheless, our site works can only be commenced in early June 2018 due to the delay of obtaining relevant approvals from government authorities by our customer.

Gross Profit Margin

The Group's gross profit margin during the Year was approximately 3.5% (for the Previous Year: approximately 17.9%). The decrease in gross profit margin was mainly due to the significant decline in revenue and the relatively lower profit margin of the projects during the Year.

General and Administrative Expenses

The Group's administrative expenses for the Year were approximately HK$40,456,000 (for the Previous Year: approximately HK$33,628,000), representing an increase of approximately 20.3% over the Previous Year. This was mainly attributable to increase in impairment of amounts due from customers for contract work of approximately HK$7,808,000 during the Year as compared to the Previous Year.

Income Tax Credit/Expense

The Group's income tax credit for the Year was approximately HK$4,904,000 (income tax expense for the Previous Year: approximately HK$9,768,000).

Net Loss/Profit

As a result of the abovementioned, the Group reported a net loss for the year of approximately HK$25,716,000 (net profit for the Previous Year: approximately HK$36,445,000).

Liquidity, Financial Resources and Capital Structure

As at 31 March 2018, the Group had bank balances of approximately HK$50.1 million (as at 31 March 2017: approximately HK$70.6 million). The interest-bearing debts of the Group as at 31 March 2018 was approximately HK$2.3 million (as at 31 March 2017: approximately HK$5.1 million). The gearing ratio is calculated based on the amount of total interest-bearing debts divided by total equity. The gearing ratio of the Group as at 31 March 2018 was approximately 1.0% (as at 31 March 2017: approximately 2.0%), as a result of the increased equity following the Listing.

Pledge of Assets

The Group's plant and machinery and motor vehicles with an aggregate net book value of approximately HK$6.3 million and HK$14.7 million as at 31 March 2018 and 31 March 2017, respectively, were held under finance leases.

As at 31 March 2018, banking facilities were secured by the Group's bank deposits amounting to approximately HK$18,126,000 (as at 31 March 2017: HK$14,049,000).

Foreign Exchange Risk

The Group mainly operates in Hong Kong and most of the operating transactions such as revenue, expenses, monetary assets and liabilities are denominated in Hong Kong dollars. As such, the Directors are of the view that the Group's risk in foreign exchange is insignificant and that we should have sufficient resources to meet foreign exchange requirements as and if they arise. Therefore, the Group has not engaged in any derivative contracts to hedge its exposure to foreign exchange risk during the Period.

Employees and Remuneration Policy

As at 31 March 2018, the Group employed 83 employees. Total remuneration costs including directors' emoluments for the Year, amounted to approximately HK$49.4 million (for the Previous Year: approximately HK$67.9 million). The salary and benefit levels of the employees of the Group are competitive and individual performance is rewarded through the Group's salary and bonus system. The Group conducts annual review on salary increase, discretionary bonuses and promotions based on the performance of each employee.

During the Year, the Group has not experienced any significant problems with its employees due to labour disputes nor has it experienced any difficulty in the recruitment and retention of experienced staff.

Capital Commitments

The Group did not have any capital commitments as at 31 March 2018 (as at 31 March 2017: approximately HK$7.5 million).

Contingent Liabilities

As at 31 March 2018, the Group did not have any significant contingent liabilities (as at 31 March 2017: Nil).

Use of Proceeds from Initial Public Offering

The net proceeds of the share offer received by the Company in relation to the Listing were approximately HK$95.3 million, after deduction of underwriting fees and commissions and expenses. These proceeds are intended to be applied in accordance with the proposed application set out in the paragraph headed "Future plans and use of proceeds" in the prospectus of the Company dated 31 October 2016 (the "**Prospectus**"). The below table sets out the proposed applications of the net proceeds and usage up to date of the announcement:

	Planned use of proceeds HK$'000	**Actual usage up to the date of this announcement** HK$'000
Purchase of machinery and equipment	67,048	14,039
Taking out surety bond	19,466	19,466
Expansion of workforce	7,299	6,002
General working capital	1,512	1,512
	95,325	41,019

The Audit Committee comprises three independent non-executive directors, namely Mr. Cheng Chi Hung (chairman), Mr. Li Hon Hung, *BBS, MH, JP* and Mr. Wong Yip Kong.

MANAGEMENT DISCUSSION AND ANALYSIS

Review of Annual Results

The Audit Committee of the Company has reviewed the accounting principles and practices adopted by the Group and the annual results for the year ended 31 March 2018. The figures in respect of the Group's consolidated statement of financial position, consolidated statement of profit or loss and other comprehensive income and the related notes thereto for the Year as set out in this announcement have been agreed by the Group's auditor, BDO Limited, to the amounts set out in the Group's audited consolidated financial statements for the Year. The work performed by BDO Limited in this respect did not constitute an assurance engagement in accordance with Hong Kong Standards on Auditing, Hong Kong Standards on Review Engagements or Hong Kong Standards on Assurance Engagements issued by the Hong Kong Institute of Certified Public Accountants and consequently no assurance has been expressed by BDO Limited on this announcement.

Final Dividend and Annual General Meeting

The Directors recommended no payment of final dividend for the Year. Notice of the annual general meeting will be published and despatched to shareholders of the Company in the manner required by the Listing Rules in due course.

Publication of Results Announcement and Annual Report

This announcement is published on the website of the Stock Exchange at www.hkex.com.hk and at the website of the Company at www.simonandsons.com.hk. The annual report will be despatched to the shareholders of the Company and available on the above websites in due course.

APPRECIATION

On behalf of the Board, I would like to express my sincere gratitude to all our management and staff members for their dedication and contribution to the Group. In addition, I would like to thank all our Shareholders and investors for their support and our customers for their patronage.

REPORT OF THE DIRECTORS

DIRECTORS' REPORT

The Board has pleasure in presenting their annual report together with the audited consolidated financial statements of the Group for the year ended 31 March 2018 (the "**Reporting Period**").

PRINCIPAL ACTIVITIES

The Company is an investment holding company and its subsidiaries (together referred to as the "**Group**") are principally engaged in the provision of foundation works including piling construction, ELS works, pile cap construction, site formation and ancillary services in Hong Kong and Macau.

GROUP REORGANISATION

Pursuant to a group reorganisation (the "**Reorganisation**") carried out by the Group in preparation for the listing of shares of the Company on the Main Board of the Stock Exchange, and for the purpose of rationalising the Group's structure, the Company became the holding company of the subsidiaries now comprising the Group on 7 October 2016. Details of the Reorganisation are set out in the section headed "History and Development" to the Prospectus issued by the Company dated 31 October 2016.

BUSINESS REVIEW

A review of the business of the Group during the year, a discussion on the Group's future business development and description of possible risks and uncertainties that the Group may be facing are provided in the Chairman's Statement, Management Discussion and Analysis and Report of the Directors sections of this annual report. Also, the financial risk management objectives and policies of the Group can be found in Note 30 to the consolidated financial statements. An analysis of the Group's performance during the year using financial key performance indicators is set out in the section headed "Management Discussion and Analysis" on pages 4 to 6 of this annual report. In addition, discussion on the Group's environmental policies and performance, relationships with its key stakeholders and compliance with relevant laws and regulations which have a significant impact on the Group are set out below.

KEY RELATIONSHIPS WITH EMPLOYEES, CUSTOMERS, SUPPLIERS AND OTHERS

The Group is not aware of any key relationships between itself and its employees, customers, suppliers and others that have a significant impact on the Company and on which the Company's success depends.

RESULTS AND APPROPRIATIONS

The results of the Group for the Reporting Period are set out in the consolidated statement of profit or loss and other comprehensive income on page 42 of this report. No dividend has been paid or proposed by the Company during the year, nor has any dividend been proposed by the Directors since the end of the year.

CLOSING OF REGISTER OF MEMBERS

The register of members of the Company will be closed from 29 August 2018 to 3 September 2018, both days inclusive, for the purpose of determining the identity of members who are entitled to attend and vote at the AGM which is scheduled to be held on 3 September 2018. In order to qualify for attendance of annual general meeting, all completed transfer forms accompanied by the relevant share certificates must be lodged for registration with the Company's Hong Kong Share Registrar, Tricor Investor Services Limited at Level 22, Hopewell Centre, 183 Queen's Road East, Hong Kong no later than 4:30 p.m. on 28 August 2018.

FINAL DIVIDEND

The Directors do not recommend the payment of final dividend for the Reporting Period (2017: Nil).

KEY RISKS AND UNCERTAINTIES

The Group's financial condition, results of operation, business and prospects may be affected by a number of risks and uncertainties. The followings are the key risks and uncertainties identified by the Group:

The amount of revenue derive from a project may be higher or lower than the original contract sum due to factors such as variation orders

The aggregate amount of revenue derive from a project may be different from the original contract sum specified in the relevant contract for the project due to factors such as variation orders (including additions, reductions and/or other changes in the scope of the works) placed by customers from time to time during the course of project execution. As such, there is no assurance that revenue from projects on hand will not be substantially lower than the original contract sum as specified in the relevant contracts and hence, the Group's profitability will be adversely affected.

Keen competition

Due to certain delays in the progress of approving infrastructure projects by the Legislative Council of Hong Kong and the Finance Committee of the Legislative Council of Hong Kong in the past few years, there has been reducing projects available in the construction works market which has driven more intense competition within the construction industry. Furthermore, there have been shortage of construction labour and rise of construction costs in recent years. The combined impact of the above factors leads to the dilution in the profit margin of our construction works projects.

Errors or inaccurate estimations of project duration and costs when determining the tender price may result in substantial loss incurred

Construction contracts and in particular public projects are normally awarded through a competitive tendering process. The Group determines a tender price by estimating the construction costs under the contract duration as specified in the tender invitation documents. There is no assurance that tenders submitted by the Group contain no mistakes and errors. Such mistakes and errors may be in the form of inaccurate estimations, oversight of important tender terms, inadvertent typographical errors, errors in calculations, etc. In case of contracts awarded to the Group with mistakes or errors in the submitted tender, the Group may be bounded by the contract to undertake the project at a substantial loss.

Inaccurate estimations on project schedule, project costs and technical difficulties in the tendering process may result in cost overruns when executing the awarded project. Many factors affect the time taken and the costs involved in completing construction projects undertaken by the Group. Examples of such factors include shortage and cost escalation of labour and materials, difficult geological conditions, adverse weather conditions, variations to the construction plans instructed by customers, stringent technical construction requirements, threatened claims and material disputes with main contractors, subcontractors and suppliers, accidents, and changes in the Government's policies. Other unforeseen problems or circumstances may also occur during project implementation. If any of such factors arises and remains unresolved, completion of construction works may be delayed or the Group may be subject to cost overruns or our customers may even be entitled to unilaterally terminate the contract.

DIRECTORS' INTERESTS IN TRANSACTIONS, ARRANGEMENTS OR CONTRACTS OF SIGNIFICANCE

No transactions, arrangements or contracts of significance, to which the Company any of its subsidiaries, its parent company, or its parent company's subsidiaries was a party, and in which a Director or an entity connected with a Director had a material interest, whether directly and indirectly, subsisted at the end of 31 March 2018 or at any time during the Reporting Period.

MAJOR CUSTOMERS AND SUPPLIERS

For the Reporting Period, the aggregate purchases attributable to the Group's largest supplier and the five largest suppliers in aggregate accounted for 26.5% and 79.7% respectively of the Group's total purchases for the year. Revenue attributable to the Group's largest customer and the five largest customers in aggregate accounted for 15.4% and 56.0% respectively of the Group's total revenue for the year.

None of the Directors or any of their close associates or any shareholders (which, to the best knowledge of the Directors, own more than 5% of the Company's issued share capital) had any material beneficial interest in the Group's five largest customers and suppliers.

MATERIAL ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES AND ASSOCIATED COMPANIES

During the Reporting Period, the Group did not have any material acquisitions or disposals of subsidiaries or associated companies.

PURCHASE, SALE OR REDEMPTION OF THE COMPANY'S LISTED SECURITIES

No purchase, sale or redemption of the Company's listed securities was made during the Reporting Period.

EQUITY-LINKED AGREEMENTS

Save for the share option scheme (the "**Share Option Scheme**") as set out below, no equity-linked agreements were entered into by our Group, or existed during the Reporting Period.

SHARE OPTION SCHEME

The shareholders of the Company have adopted a share option scheme (the "**Scheme**") on 24 October 2016.

A summary of the Scheme is set out as below:

(i) The Scheme became effective for a period of 10 years commencing from the date on which Scheme becomes unconditional.

(ii) Under the Scheme, a subscription price shall be a price solely determined by the board of directors and notified to a participant and shall be at least the higher of: (i) the closing price of our shares as stated in the Stock Exchange's daily quotations sheet on the date of grant of the option, which must be a business day; (ii) the average of the closing prices of our shares as stated in the Stock Exchange's daily quotations sheets for the five business days immediately preceding the date of grant of the option; and (iii) the nominal value of a share on the date of grant of the option.

(iii) An offer for the grant of options must be accepted within seven days inclusive of the day on which such offer was made.

(iv) The maximum number of shares issuable upon exercise of all options to be granted under the Scheme and any other share option schemes of our Company (excluding, for this purpose, shares issuable upon exercise of options which have been granted but which have lapsed in accordance with the terms of the Scheme or any other share option schemes of our Company) must not in aggregate exceed 10% of all our shares in issue as at the listing date.

No options have been granted since the adoption of the Scheme.

CORPORATE GOVERNANCE

Information on the corporate governance practices adopted by the Company is set out in the section headed "Corporate Governance Report" from pages 26 to 36 of this report.

PRE-EMPTIVE RIGHTS

There are no provisions for pre-emptive rights under the Articles of Association of the Company and the laws of Cayman Islands, being the jurisdiction in which the Company is incorporated under which would oblige the Company to offer new Shares on a pro-rata basis to existing shareholders.

SUFFICIENCY OF PUBLIC FLOAT

Based on the information that is publicly available to the Company and within the knowledge of the Directors as at the date of this report, the Company has maintained the prescribed minimum public float under the Listing Rules during the Reporting Period.

MANAGEMENT CONTRACTS

No contracts concerning the management and administration of the whole or any substantial part of the business of our Group were entered into or in existence during the Reporting Period.

CONNECTED TRANSACTIONS AND CONTINUING CONNECTED TRANSACTIONS

During the Reporting Period, there were no connected transactions or continuing connected transactions of the Company under Chapter 14A of the Listing Rules which are required to comply with any of the reporting, announcement or independent Shareholders' approval requirements under the Listing Rules. Details of significant related party transactions undertaken in the usual course of business are set out in Note 32 to the consolidated financial statement. None of these related party transactions constitute a discloseable connected transaction as defined under the Listing Rules.

AUDITOR

The consolidated financial statements for the Reporting Period have been audited by BDO Limited ("**BDO**"). BDO shall retire in the forthcoming AGM and, being eligible, offer themselves for re-appointment. A resolution for the re-appointment as auditors of the Company will be proposed at the forthcoming AGM. There is no change in auditors during the Reporting Period.

ENVIRONMENTAL POLICIES AND PERFORMANCE

The Group is committed to the long term sustainability of the environment and communities in which it engages. The Group strives to minimise its impact on the environment by reducing its use of electricity and water and encouraging recycle of office supplies and other materials. The Group has complied with all relevant laws and regulations regarding environmental protection, health and safety, workplace conditions and employment.

COMPLIANCE WITH RELEVANT LAWS AND REGULATIONS

To the best of the Directors' knowledge, information and belief, having made all reasonable enquiries, our Group has complied in material respects with the relevant laws and regulations that have a significant impact on the business and operation of our Group during the Reporting Period.

CORPORATE GOVERNANCE REPORT

Compliance with the corporate governance code

The Group is committed to uphold high standards of corporate governance. The Board considers that enhanced public accountability and corporate governance are beneficial to the healthy growth of the Group, improving customer and supplier confidence and safeguarding the interests of the shareholders of the Company.

The Company had complied with all applicable code provisions as set out in the Corporate Governance Code (the "**CG Code**") contained in Appendix 14 to the Listing Rules during the Reporting Period.

Compliance with the Model Code

The Company has adopted a code of conduct regarding Directors' securities transactions on terms no less exacting than the required standard as set out in the Model Code for Securities Transactions by Directors of Listed Issuers set out in Appendix 10 to the Listing Rules (the "**Model Code**"). In response to a specific enquiry by the Company, all Directors confirmed that they have complied with the requirements of the Model Code during the Reporting Period.

BOARD OF DIRECTORS

Composition of the Board

Up to the date of this annual report, the Board consists of seven Directors, which comprises three executive Directors, one non-executive Director and three independent non-executive Directors. The composition of the Board during the period and up to the date of this annual report was as follows:

Executive Directors:

Mr. Chan Lap Wai Gary *(Chairman)*
Mr. Chan Lap Chuen Edmond *(Chief Executive Officer)*
Ms. Chan Chin Ying Amanda

Non-executive Director:

Mr. Chan Sau Man Simon

Independent Non-executive Directors:

Mr. Li Hon Hung, *BBS, MH, JP*
Mr. Siu Miu Man (resigned on 22 January 2018)
Mr. Cheng Chi Hung
Mr. Wong Yip Kong (appointed on 22 January 2018)

The biographies of the Directors are set out in "Profiles of Directors and Senior Management" on pages 9 to 15 of this annual report.

The directors have given sufficient time and attention to the Group's affairs. The directors have disclosed to the Company annually the number and the nature of offices held in public companies or organisations and other significant commitments. The board believes that the balance between executive directors and independent non-executive directors is reasonable and adequate to provide sufficient balances that protect the interests of the shareholders and the Group.

FUNCTIONS OF THE BOARD AND MANAGEMENT

The Board is responsible for the overall management of the Group, which includes controlling resources allocation of the Company and leading the Company to strive for success. It oversees the Group's businesses, strategic decisions, internal control, risk management and performances. The management team is delegated with the authority and responsibility by the Board for the daily management of the Group. The delegated functions and work tasks are periodically reviewed. Major corporate matters that are specifically delegated by the Board to the management include (1) the preparation of interim and annual reports and announcements for the Board's approval before publishing; (2) implementation of adequate systems of internal controls and risk management procedures; and (3) compliance with relevant statutory and regulatory requirements and rules and regulations. It is the responsibility of the Board to determine the appropriate corporate governance practices applicable to the Company's circumstances and to ensure processes and procedures are in place to achieve the Company's corporate governance objectives.

The Board has maintained the necessary balance of skills and experience appropriate for the business requirements and objectives of the Group and for the exercise of independent judgment. Directors with various professional qualifications experience and related financial management expertise have contributed to the effective direction of the Company and provided adequate checks and balances to safeguard the interests of both the Group and the shareholders. Hence, the Board believes that the current Board composition satisfy with the corporate governance requirements of the Group with regard to the balance of expertise, skills and experience as well as the ongoing development and management of its business activities.

The Board meets regularly to discuss the overall strategy as well as the operation and financial performance of the Company, and to review and approve the Company's interim and annual results. During the Reporting Period, four Board meetings were held and the attendance of each Director at the Board meetings is set out in the section headed "Board and Committees Meetings" of this report.

Regular Board meetings for each year are scheduled in advance to facilitate maximum attendance of Directors. All Directors are given an opportunity to include matters for discussion in the agenda. The Company Secretary assists the Chairman in preparing the agenda for meetings to comply with all applicable rules and regulations. The agenda and the accompanying Board papers are normally sent to Directors at least three days before the intended date of a Board meeting. Draft minutes of each Board meeting are circulated to Directors for their comment before being tabled at the next Board meeting for approval. All minutes are kept by the Company Secretary and are open for inspection at any reasonable time on reasonable notice by any Director.

Pursuant to articles of association of the Company, all Directors appointed to fill a causal vacancy shall hold office only until the next following general meeting of the Company and shall then be eligible for re-election at the meeting. At each annual general meeting, one third of the Directors for the time being shall retire from office by rotation provided that every Director shall be subject to retirement by rotation at least once every three years.

Save for the family relationships disclosed in the Profiles of Directors and Senior Management set out on pages 9 to 15 of this annual report, the Directors do not have any material financial, business or other relationships with one another.

DIRECTORS' AND OFFICERS' LIABILITIES

The Company has arranged appropriate insurance coverage on Directors' and officers' liabilities in respect of any legal actions taken against Directors and senior management arising out of corporate activities. The insurance coverage is reviewed on an annual basis.

APPOINTMENT AND RE-ELECTION OF DIRECTORS

In compliance with the code provision A.4.2 of the CG Code, all Directors appointed to fill a casual vacancy should be subject to election by the shareholders at the first general meeting after their appointment. By virtue of article 83 of the articles of association of the Company, the Board shall have power from time to time and at any time to appoint any person as a Director either to fill a casual vacancy or as an additional Director but the number of Directors so appointed shall not exceed the maximum number determined from time to time by the shareholders in general meeting. Any Director appointed by the Board to fill a casual vacancy shall hold office only until the first general meeting of the Company after his appointment and be subject to re-election at such meeting. Any Director appointed by the Board as an addition to the existing Board shall hold office only until the next following annual general meeting of the Company and shall then be eligible for re-election.

In compliance with the code provision in A.4.2 of the CG Code, all Directors are subject to retirement by rotation at least once every three years. Furthermore, pursuant to article 84(1) of the articles of association of the Company, at each annual general meeting one-third of the Directors for the time being, or, if their number is not 3 or a multiple of 3, then the number nearest to but not less than one-third, shall retire from office by rotation provided that every Director shall be subject to retirement by rotation at least once every 3 years. A retiring Director shall be eligible for re-election. The Company at the general meeting at which a Director retires may fill the vacated office.

By virtue of article 84 of the articles of association of the Company, Mr. Li Hong Hung, *BBS, MH, JP*, Mr. Cheng Chi Hung and Mr. Wong Yip Kong will retire at the forthcoming annual general meeting and being eligible, will offer themselves for re-election.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

The Chairman is Mr. Chan Lap Wai Gary and the chief executive officer (the "**CEO**") is Mr. Chan Lap Chuen Edmond. The roles of the Chairman and the CEO of the Group are clearly defined and segregated to ensure independence and proper checks and balances. The Chairman focuses on formulating business strategies and direction of the Company and has executive responsibilities, provides leadership for the Board and ensures proper and effective functioning of the Board in discharging of its responsibilities. The CEO is accountable to the Board for the overall implementation of the Company's strategies and the co-ordination of overall business operations.

INDEPENDENCE OF INDEPENDENT NON-EXECUTIVE DIRECTORS

The Board consists of three executive Directors, one non-executive Director and three independent non-executive Directors, including one independent non-executive Director who has professional qualification, experience and expertise in accounting, finance or legal field. The names and biographical details of each Director are set out in "Profiles of Directors and Senior Management" on pages 9 to 15 of this annual report. The Company has received confirmation of independence from all three independent non-executive Directors in accordance with Rule 3.13 of the Listing Rules.

The Board has reviewed the independence of all independent non-executive Directors and concluded that all of them are independent within the definition of the Listing Rules. Furthermore, the Board is not aware of the occurrence of any events which would cause it to believe that the independence of any of the independent non-executive Directors has been impaired up to the date of this report.

DIRECTORS' INDUCTION AND CONTINUOUS PROFESSIONAL DEVELOPMENT

Upon appointment of a new Director, each new Director receives an induction package covering business operations, policy and procedures of the Company as well as the general, statutory and regulatory obligations of being a Director to ensure that he/she is sufficiently aware of his/her responsibilities under the Listing Rules and other relevant regulatory requirements.

The Directors, on an ongoing basis, will receive updates on the relevant laws, rules and regulations. In addition, the Company encourages the Directors to enrol in a wide range of professional development courses and seminars relating to the Listing Rules, Hong Kong Companies Ordinance and corporate governance practices so that they can continuously acquire their relevant knowledge and skills. In December 2017, the Company organised training on duties and responsibilities of directors and seminar on updated laws and regulations for Directors. The Company has also provided reading materials to all Directors to develop and refresh their professional knowledge.

AUDIT COMMITTEE

An Audit Committee has been established by the Board with specific written terms of reference. Pursuant to the Audit Committee's terms of reference, the Audit Committee is authorised to commit Company funds in order to obtain advice from outside legal counsel, accountants, investigatory services or other expert advice. Details of the authority and responsibilities of the Audit Committee are available on the websites of the Company and the Stock Exchange.

The Audit Committee currently comprises three independent non-executive Directors, namely Mr. Cheng Chi Hung, Mr. Li Hon Hung, *BBS, MH, JP* and Mr. Wong Yip Kong. Mr. Cheng Chi Hung is the chairman of the Audit Committee.

During the Reporting Period, three Audit Committee Meetings were held. The attendance of each member of the Audit Committee is set out in the section headed "Board and Committees Meetings" of this report.

During the meetings, the Audit Committee reviewed and considered the Group accounts for the year ended 31 March 2017; the internal control report and the Group's unaudited consolidated accounts for the six months ended 30 September 2017. The external auditor was invited to attend 2017 annual result meeting and 2018 audit planning meeting. During the meetings, the external auditor discussed various accounting issues and finding with Audit Committee and the audit strategy and plan for 2018 Group results.

REMUNERATION COMMITTEE

A Remuneration Committee has been established by the Board with specific written terms of reference and the majority of the members of the Remuneration Committee are Independent Non-executive Directors. Details of the authority and responsibilities of the Remuneration Committee are available on the websites of the Company and the Stock Exchange.

The Remuneration Committee currently comprises three independent non-executive Directors, namely Mr. Wong Yip Kong, Mr. Li Hon Hung, *BBS, MH, JP* and Mr. Cheng Chi Hung. Mr. Wong Yip Kong is the chairman of the Remuneration Committee.

During the Reporting Period, two Remuneration Committee meetings were held to review and discuss the remuneration policy of the Company, renew the appointment letters of independent non-executive directors. The attendance of each member of the Remuneration Committee is set out in the section headed "Board and Committees Meetings" of this report.

Details of the amount of Directors' emoluments for the year ended 31 March 2018 are set out in Note 11 to the financial statements.

REMUNERATION POLICY FOR DIRECTORS AND SENIOR MANAGEMENT

Each of the Directors will receive a fee which is subject to an annual adjustment at a rate to be reviewed by the remuneration committee and be determined at the discretion of the Board. The Company's policy concerning the remuneration of the Directors is that the amount of remuneration is determined by reference to the relevant Director's experience, responsibilities, workload and the time devoted to the Group. The Group has adopted incentive bonus schemes and continues to maintain these schemes, seeking to align the financial well-being of the Group with that of the employees, and to retain the Directors and staff of high caliber.

NOMINATION COMMITTEE

A Nomination Committee has been established by the Board with specific terms of reference. The Nomination Committee is responsible for, amongst other things, identifying individuals suitably qualified to become Board members, considering the re- appointment of the Directors and succession planning for Directors and making recommendations to the Board in respect of the aforesaid matters. Details of the authority and responsibilities of the Nomination Committee are available on the websites of the Company and the Stock Exchange.

The Nomination Committee currently comprises three independent non-executive Directors, namely Mr. Li Hon Hung, *BBS, MH, JP*, Mr. Cheng Chi Hung and Mr. Wong Yip Kong, Mr. Li Hon Hung, *BBS, MH, JP* is the chairman of the Nomination Committee.

During the Reporting Period, two Nomination Committee meetings were held to review the structure, size, composition and diversity of the Board, assessing the independence of independent non-executive directors and other related matters of the Company.

TO THE SHAREHOLDERS OF SHEUNG YUE GROUP HOLDINGS LIMITED
(上諭集團控股有限公司)
(Incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of Sheung Yue Group Holdings Limited (the "Company") and its subsidiaries (together the "Group") set out on pages 42 to 113, which comprise the consolidated statement of financial position as at 31 March 2018, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2018, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the HKICPA's "Code of Ethics for Professional Accountants" (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

KEY AUDIT MATTERS (Continued)

Accounting for construction contracts

As described in the Significant Accounting Policies in Note 4(g) to the consolidated financial statements, the Group recognises revenue and costs associated with its construction contracts based on the stage of completion of contract activity at the end of the reporting period, when the outcome of construction contracts can be estimated reliably. The stage of completion of contracts is established by reference to surveys of contract work performed. When it is probable that total contract costs will exceed total contract revenue for a contract, the expected loss is recognised as an expense immediately.

As presented in the consolidated statement of profit or loss and other comprehensive income, the Group's construction contract revenue and costs for the year ended 31 March 2018 amounted to approximately HK$220,240,000 and HK$212,524,000, respectively. The Group's amounts due from customers for contract work as at 31 March 2018, as detailed in Note 19 to the consolidated financial statements, amounted to approximately HK$78,908,000.

We identified the accounting for construction contracts as a key audit matter as it requires management to exercise significant judgment on the outcome and stage of completion of each construction contract and to estimate the profitability of each on-going construction contract during the reporting period, and the associated financial statement items are quantitatively significant to the consolidated financial statements as a whole.

Our response:

Our principal audit procedures in relation to accounting for construction contracts are as follows:

– Obtaining an understanding of and evaluating internal controls on recognition of contract revenue and costs;

– Discussing with project managers, internal quantity surveying team and the Group's management about the progress of the construction projects;

– Checking the basis used for estimating the budgeted revenue to underlying construction contracts entered into with the customers and other relevant correspondences and supporting documents in respect of variations in construction works or price adjustments;

– Evaluating the reasonableness of budgeted costs, including (i) for subcontracting costs contracted for, agreeing the budgeted costs to the underlying contracts; (ii) for estimation of costs not supported by contracts, checking that the costs are included in accordance with the construction contracts; and (iii) comparing the budgeted data with the actual data recorded, taking into account the stage of completion achieved;

KEY AUDIT MATTERS (Continued)

Accounting for construction contracts (Continued)

– Assessing the reasonableness of contract revenue recognised and stage of completion by reference to progress certificates issued by independent architects or quantity surveyors appointed by customers and other underlying documents;

– Checking on a sample basis the progress billings and the actual costs incurred on construction works to the underlying supporting documents during the reporting period; and

– Reviewing financial budget prepared by the Group's management for each on-going construction contract to assess whether expected loss on contract was properly recognised as an expense immediately.

OTHER INFORMATION IN THE ANNUAL REPORT

The directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

DIRECTORS' RESPONSIBILITIES FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are also responsible for overseeing the Group's financial reporting process. The audit committee of the Company ("Audit Committee") assists the directors in discharging their responsibilities in this regard.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with the terms of our engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

- conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

- evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

1. GENERAL

The Company was incorporated in the Cayman Islands on 23 March 2016, as an exempted company with limited liability under the Companies Law, Cap. 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands. The registered office of the Company is located at the offices of Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman, KY1-1111, Cayman Islands. The principal place of business of the Company is Units 103-105, 1st Floor, New East Ocean Centre, 9 Science Museum Road, Tsimshatsui East, Kowloon, Hong Kong.

The Company, an investment holding company, and its subsidiaries (together referred to as the "Group") are principally engaged in the provision of foundation works including piling construction, ELS works, pile cap construction, site formation and ancillary services in Hong Kong and Macau.

In the opinion of the directors, the Company's immediate and ultimate parent is Creative Elite Global Limited, a company incorporated in the British Virgin Islands (the "BVI").

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs")

(a) Adoption of new/revised HKFRSs – effective 1 April 2017

Amendments to HKAS 7	Disclosure Initiative
Amendments to HKAS 12	Recognition of Deferred Tax Assets for Unrealised Losses
Annual Improvements to HKFRSs 2014-2016 Cycle	Amendments to HKFRS 12, Disclosure of Interests in Other Entities

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

(a) Adoption of new/revised HKFRSs – effective 1 April 2017 (Continued)

Amendments to HKAS 7 – Disclosure Initiative

The amendments introduce an additional disclosure that will enable users of financial statements to evaluate changes in liabilities arising from financing activities.

The adoption of the amendments has led to the additional disclosure presented in the note to the consolidated statement of cash flows Note 29.

Amendments to HKAS 12 – Recognition of Deferred Tax Assets for Unrealised Losses

The amendments relate to the recognition of deferred tax assets and clarify some of the necessary considerations, including how to account for deferred tax assets related to debt instruments measured of fair value.

The adoption of the amendments has no impact on these financial statements as the clarified treatment is consistent with the manner in which the Group has previously recognised deferred tax assets.

Annual Improvements to HKFRSs 2014-2016 Cycle – Amendments to HKFRS 12, Disclosure of Interests in Other Entities

The amendments issued under the annual improvements process make small, non-urgent changes to standards where they are currently unclear. They include amendments to HKFRS 12, Disclosure of Interests in Other Entities, to clarify that the disclosure requirements of HKFRS 12, other than the requirements to disclose summarised financial information, also apply to an entity's interests in other entities classified as held for sale or discontinued operations in accordance with HKFRS 5, Non-Current Assets Held for Sale and Discontinued Operations.

The adoption of the amendments to HKFRS 12 has no impact on these financial statements as the Group does not have interests in other entities classified as held for sale or discontinued operations in accordance with HKFRS 5.

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

(b) New/revised HKFRSs that have been issued but are not yet effective

The following new/revised HKFRSs, potentially relevant to the Group's consolidated financial statements, have been issued, but are not yet effective and have not been early adopted by the Group. The Group's current intention is to apply these changes on the date they become effective.

Annual Improvements to HKFRSs 2014-2016 Cycle	Amendments to HKFRS 1, First-time adoption of Hong Kong Financial Reporting Standards[1]
Amendments to HKAS 40	Transfers of Investment Property[1]
Amendments to HKFRS 2	Classification and Measurement of Share-based Payment Transactions[1]
HKFRS 9	Financial Instruments[1]
HKFRS 15	Revenue from Contracts with Customers[1]
Amendments to HKFRS 15	Revenue from Contracts with Customers (Clarifications to HKFRS 15)[1]
Amendments to HKFRS 4	Applying HKFRS 9 Financial Instrument with HKFRS 4 Insurance Contracts[1]
HK(IFRIC) – Interpretation 22	Foreign Currency Transactions and Advance Consideration[1]
Amendments to HKFRS 9	Prepayment Features with Negative Compensation[2]
HKFRS 16	Leases[2]
HKFRSs (Amendments)	Annual Improvements to HKFRSs 2015-2017 Cycle[2]
HK(IFRIC) – Interpretation 23	Uncertainty over Income Tax Treatments[2]
Amendments to HKFRS 10 and HKAS 28	Sole or Contribution of Assets between an Investor and its Associate or Joint Venture[3]
HKFRS 17	Insurance Contracts[4]

[1] Effective for annual periods beginning on or after 1 January 2018
[2] Effective for annual periods beginning on or after 1 January 2019
[3] Effective for annual periods beginning on or after a date to be determined
[4] Effective for annual periods beginning on or after 1 January 2021

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

(b) New/revised HKFRSs that have been issued but are not yet effective (Continued)

The Group is in the process of making an assessment of the potential impacts of these new and revised HKFRSs on the financial statements of the Group in the initial application and the expected impacts on the Group's financial performance and position are set out below:

HKFRS 9 – Financial Instruments

HKFRS 9 introduces new requirements for the classification and measurement of financial assets. Debt instruments that are held within a business model whose objective is to hold assets in order to collect contractual cash flows (the business model test) and that have contractual terms that give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding (the contractual cash flow characteristics test) are generally measured at amortised cost. Debt instruments that meet the contractual cash flow characteristics test are measured at fair value through other comprehensive income ("FVTOCI") if the objective of the entity's business model is both to hold and collect the contractual cash flows and to sell the financial assets. Entities may make an irrevocable election at initial recognition to measure equity instruments that are not held for trading at FVTOCI.

All other debt and equity instruments are measured at fair value through profit or loss ("FVTPL").

HKFRS 9 includes a new expected loss impairment model for all financial assets not measured at FVTPL replacing the incurred loss model in HKAS 39 and new general hedge accounting requirements to allow entities to better reflect their risk management activities in financial statements.

HKFRS 9 carries forward the recognition, classification and measurement requirements for financial liabilities from HKAS 39, except for financial liabilities designated at FVTPL, where the amount of change in fair value attributable to change in credit risk of the liability is recognised in other comprehensive income unless that would create or enlarge an accounting mismatch. In addition, HKFRS 9 retains the requirements in HKAS 39 for derecognition of financial assets and financial liabilities.

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

(b) New/revised HKFRSs that have been issued but are not yet effective (Continued)

HKFRS 9 – Financial Instruments (Continued)

The Group expects to adopt HKFRS 9 from its financial period beginning on 1 April 2018. The directors of the Company consider that the adoption of HKFRS 9 may have an impact on the classification of its financial assets and the new impairment requirements under HKFRS 9 will result in earlier recognition of credit losses of the Group's trade and other receivables. The expected credit loss model under HKFRS 9 requires an entity to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition. Therefore, it is no longer necessary for a credit event to have occurred before credit losses for all financial instruments for which there have been significant increases in credit risk since initial recognition considering all reasonable and supportable information, including that which is forward-looking.

HKFRS 15 – Revenue from Contracts with customers and Amendments HKFRS 15 – Revenue from Contracts with Customers (Clarifications to HKFRS 15)

The new standard establishes a single revenue recognition framework. The core principle of the framework is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods and services. HKFRS 15 supersedes existing revenue recognition guidance including HKAS 18 "Revenue", HKAS 11 "Construction Contracts" and related interpretations.

HKFRS 15 requires the application of a 5 steps approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to each performance obligation
- Step 5: Recognise revenue when each performance obligation is satisfied

HKFRS 15 includes specific guidance on particular revenue related topics that may change the current approach taken under HKFRS. The standard also significantly enhances the qualitative and quantitative disclosures related to revenue.

The amendments to HKFRS 15 included clarifications on identification of performance obligations; application of principal versus agent; licenses of intellectual property; and transition requirements.

(b) New/revised HKFRSs that have been issued but are not yet effective (Continued)

HKFRS 15 – Revenue from Contracts with customers and Amendments HKFRS 15 – Revenue from Contracts with Customers (Clarifications to HKFRS 15) (Continued)

Based on the preliminary assessment by the directors of the Company, the adoption of HKFRS 15 may have an impact on the accounting for construction contracts. The directors of the Company considers HKFRS 15's guidance on contract combinations, contract modifications, and the assessment of whether there is significant financing component in the contracts, particularly taking into account the reason for the difference in timing between the transfer of control of goods and services to customers and timing of related payments. These new requirements may result in significant changes to the pattern of revenue and profit recognition. However, further analysis is required to determine whether this change in accounting policy may have a material impact on the amounts reported in any given financial reporting period. As the Group has not completed its assessment, further impacts may be identified.

HK(IFRIC) – Interpretation 22 – Foreign Currency Transactions and Advance Consideration

The Interpretation provides guidance on determining the date of the transaction for determining an exchange rate to use for transactions that involve advance consideration paid or received in a foreign currency and the recognition of a non-monetary asset or non-monetary liability. The Interpretations specifies that the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income (or part thereof) is the date on which the entity initially recognises the non-monetary asset or non-monetary liability arising from the payment or receipt of advance consideration.

The interpretation will not have material impact on the financial performance or position of the Group.

Amendments to HKFRS 9 – Prepayment Features with Negative Compensation

The amendments clarify that prepayable financial assets with negative compensation can be measured at amortised cost or at fair value through other comprehensive income if specified conditions are met – instead of at fair value through profit or loss.

These amendments will not have material impact on the financial performance or position of the Group.

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

(b) New/revised HKFRSs that have been issued but are not yet effective (Continued)

HKFRS 16 – Leases

HKFRS 16, which upon the effective date will supersede HKAS 17 "Leases" and related interpretations, introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more 12 months, unless the underlying asset is of low value. Specifically, under HKFRS 16, a lessee is required to recognise a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its obligation to make lease payments. Accordingly, a lessee should recognise depreciation of the right-of use asset and interest on the lease liability, and also classifies cash repayments of the lease liability into a principal portion and an interest portion and presents them in the statement of cash flows. Also, the right-of-use asset and the lease liability are initially measured on a present value basis. The measurement includes non-cancellable lease payments and also includes payments to be made in optional periods if the lessee is reasonably certain to exercise an option to extend the lease, or to exercise an option to terminate the lease. This accounting treatment is significantly different from the lessee accounting for leases that are classified as operating leases under the predecessor standard, HKAS 17.

In respect of the lessor accounting, HKFRS 16 substantially carries forward the lessor accounting requirements in HKAS 17. Accordingly, a lessor continues to classify its leases as operating leases or finance leases, and to account for those two types of leases differently.

As set out in Note 24 below, the total future minimum lease payments under non-cancellable operating leases of the Group in respect of office premises as at 31 March 2018 amounted to approximately HK$4,983,000. The directors of the Company do not expect the adoption of HKFRS 16 as compared with the current accounting policy would result in significant impact on the Group's financial performance but it is expected that the Group has to separately recognise the interest expense on the lease liabilities and the depreciation expense on the right-of-use assets, and that certain portion of the future minimum lease payments under the Group's operating leases will be required to be recognised in the Group's consolidated statement of financial position as right-of-use assets and lease liabilities. The Group will also be required to remeasure the lease liabilities upon the occurrence of certain events (e.g. a change in the lease term) and recognise the amount of the remeasurement of the lease liabilities as an adjustment to the right-of-use assets. In addition, payments for the principal portion of the lease liabilities will be presented within financing activities in the Group's consolidated cash flow statement.

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

(b) New/revised HKFRSs that have been issued but are not yet effective (Continued)

HK(IFRIC) – Interpretation 23 – Uncertainty over Income Tax Treatments

The Interpretation supports the requirements of HKAS 12, Income Taxes, by providing guidance over how to reflect the effects of uncertainty in accounting for income taxes. Under the Interpretation, the entity shall determine whether to consider each uncertain tax treatment separately or together based on which approach better predicts the resolution of the uncertainty. The entity shall also assume the tax authority will examine amounts that it has a right to examine and have full knowledge of all related information when making those examinations. If the entity determines it is probable that the tax authority will accept an uncertain tax treatment, then the entity should measure current and deferred tax in line with its tax filings. If the entity determines it is not probable, then the uncertainty in the determination of tax is reflected using either the "most likely amount" or the "expected value" approach, whichever better predicts the resolution of the uncertainty.

The interpretation will not have material impact on the financial performance or position of the Group.

3. BASIS OF PREPARATION

(a) Statement of compliance

The consolidated financial statements have been prepared in accordance with all applicable HKFRSs, Hong Kong Accounting Standards ("HKASs") and Interpretations (hereinafter collectively referred to as the "HKFRS") and the disclosure requirements of the Hong Kong Companies Ordinance. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Hong Kong Stock Exchange (the "Listing Rules").

(b) Basis of measurement

The consolidated financial statements have been prepared under the historical cost basis, except for certain financial instruments that are measured at fair values, at the end of each reporting period, as explained in the accounting policies set out below.

(c) Functional and presentation currency

The consolidated financial statements are presented in Hong Kong Dollars ("HK$"), which is also the functional currency of the Company, and all values are rounded to the nearest thousands, except when otherwise indicated. Each entity in the Group maintains its books and records in its own functional currency.

4. SIGNIFICANT ACCOUNTING POLICIES

(a) Business combination and basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries. Inter-company transactions and balances between group companies together with unrealised profits are eliminated in full in preparing the consolidated financial statements. Unrealised losses are also eliminated unless the transaction provides evidence of impairment on the asset transferred, in which case the loss is recognised in profit or loss.

The results of subsidiaries acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the effective dates of acquisition or up to the effective dates of disposal, as appropriate. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by other members of the Group.

Other than business combination under common control for which merger accounting method is used, acquisition of subsidiaries or businesses is accounted for using the acquisition method. The cost of an acquisition is measured at the aggregate of the acquisition date fair value of assets transferred, liabilities incurred and equity interests issued by the Group, as the acquirer. The identifiable assets acquired and liabilities assumed are principally measured at acquisition-date fair value. The Group's previously held equity interest in the acquiree is re-measured at acquisition-date fair value and the resulting gains or losses are recognised in profit or loss. The Group may elect, on a transaction-by-transaction basis, to measure the non-controlling interests that represent present ownership interests in the subsidiary either at fair value or at the proportionate share of the acquiree's identifiable net assets. All other non-controlling interests are measured at fair value unless another measurement basis is required by HKFRSs. Acquisition-related costs incurred are expensed unless they are incurred in issuing equity instruments in which case the costs are deducted from equity.

Changes in the Group's interests in subsidiaries that do not result in a loss of control are accounted for as equity transactions. The carrying amounts of the Group's interest and the non-controlling interest are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(a) Business combination and basis of consolidation (Continued)

When the Group loses control of a subsidiary, the profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interest. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for in the same manner as would be required if the relevant assets or liabilities were disposed of.

Subsequent to acquisition, the carrying amount of non-controlling interests that represent present ownership interests in the subsidiary is the amount of those interests at initial recognition plus such non-controlling interest's share of subsequent changes in equity. Total comprehensive income is attributed to such non-controlling interests even if this results in those non-controlling interests having a deficit balance.

(b) Subsidiaries

A subsidiary is an investee over which the Company is able to exercise control. The Company controls an investee if all three of the following elements are present: (1) power over the investee, (2) exposure, or rights, to variable returns from the investee, and (3) the ability to use its power to affect those variable returns. Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

In the Company's statement of financial position, investments in subsidiaries are stated at cost less impairment loss, if any. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) Joint arrangement

The Group is a party to a joint arrangement where there is a contractual arrangement that confers joint control over the relevant activities of the arrangement to the Group and at least one other party. Joint control is assessed under the same principles as control over subsidiaries.

The Group classifies its interest in joint arrangement as joint venture where the Group has rights to only the net assets of the joint arrangement.

In assessing the classification of interest in a joint arrangement, the Group considers:

- The structure of the joint arrangement;
- The legal form of joint arrangements structured through a separate vehicle;
- The contractual terms of the joint arrangement agreement; and
- Any other facts and circumstances (including any other contractual arrangements).

Joint venture is accounted for using the equity method whereby it is initially recognised at cost and thereafter, its carrying amount is adjusted for the Group's share of the post-acquisition change in the joint venture's net assets except that losses in excess of the Group's interest in the joint venture is not recognised unless there is an obligation to make good those losses.

Profits and losses arising on transactions between the Group and its joint venture is recognised only to the extent of unrelated investor's interest in the joint venture. The investor's share in the joint venture's profits and losses resulting from these transactions is eliminated against the carrying value of the joint venture. Where unrealised losses provide evidence of impairment of the asset transferred they are recognised immediately in profit or loss.

Any premium paid for an investment in a joint venture above the fair value of the Group's share of the identifiable assets, liabilities and contingent liabilities acquired is capitalised and included in the carrying amount of the investment in joint venture. Where there is objective evidence that the investment in a joint venture has been impaired the carrying amount of the investment is tested for impairment in the same way as other non-financial assets.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(d) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

The cost of property, plant and equipment includes its purchase price and the costs directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are recognised in profit or loss during the financial year in which they are incurred.

Property, plant and equipment are depreciated so as to write off their cost net of expected residual value over their estimated useful lives on a straight-line basis. The useful lives, residual value and depreciation method are reviewed, and adjusted if appropriate, at the end of each reporting period. The principal annual rates are as follows:

Land and building	over the lease term
Plant and machinery	12.5% – 20%
Furniture and equipment	20%
Motor vehicles	20%

An asset is written down immediately to its recoverable amount if its carrying amount is higher than the asset's estimated recoverable amount.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets, or where shorter, the terms of the relevant leases.

The gain or loss on disposal of an item of property, plant and equipment is the difference between the net sale proceeds and its carrying amount, and is recognised in the profit or loss on disposal.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(e) Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to lessee. All other leases are classified as operating leases.

The Group as lessor

Rental income from operating leases is recognised in profit or loss on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised as an expense on the straight-line basis over the lease term.

The Group as lessee

Assets held under finance leases are initially recognised as assets at their fair value or, if lower, the present value of the minimum lease payments. The corresponding lease commitment is shown as a liability. Lease payments are analysed between capital and interest. The interest element is charged to the profit or loss over the period of the lease and is calculated so that it represents a constant proportion of the lease liability. The capital element reduces the balance owed to the lessor.

The total rentals payable under the operating leases are recognised in profit or loss on a straight-line basis over the lease term. Lease incentives received are recognised as an integrated part of the total rental expense, over the term of the lease.

(f) Financial instruments

Financial assets and financial liabilities are recognised in the consolidated statements of financial position when a group entity becomes a party to the contractual provisions of the instrument.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) Financial instruments (Continued)

(i) Financial assets

The Group classifies its financial assets at initial recognition, depending on the purpose for which the asset was acquired. Financial assets at fair value through profit or loss are initially measured at fair value and all other financial assets are initially measured at fair value plus transaction costs that are directly attributable to the acquisition of the financial assets. Regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. A regular way purchase or sale is a purchase or sale of a financial asset under a contract whose terms require delivery of the asset within the time frame established generally by regulation or convention in the marketplace concerned.

Financial assets at fair value through profit or loss

These assets include financial assets held for trading and financial assets designated upon initial recognition as at fair value through profit or loss. Financial assets are classified as held for trading if they are acquired for the purpose of sale in the near term.

Financial assets may be designated upon initial recognition as at fair value through profit or loss if the following criteria are met: (i) the designation eliminates or significantly reduces the inconsistent treatment that would otherwise arise from measuring the assets or recognising gains or losses on them on a different basis; (ii) the assets are part of a group of financial assets which is managed and its performance evaluated on a fair value basis according to a documented management strategy; or (iii) the financial asset contains an embedded derivative that would need to be separately recorded.

Subsequent to initial recognition, financial assets at fair value through profit or loss are measured at fair value, with changes in fair value recognised in profit or loss in the year in which they arise.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) Financial instruments (Continued)

(i) Financial assets (Continued)

Loans and receivables

These assets are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise principally through the provision of goods and services to customers (trade receivables), and also incorporate other types of contractual monetary asset. Subsequent to initial recognition, they are carried at amortised cost using the effective interest method, less any identified impairment losses.

Available-for-sale financial assets

These assets are non-derivative financial assets that are designated as available-for-sale or are not included in other categories of financial assets. Subsequent to initial recognition, these assets are carried at fair value with changes in fair value recognised in other comprehensive income, except for impairment losses and foreign exchange gains and losses on monetary instruments, which are recognised in profit or loss.

For available-for-sale equity investments that do not have a quoted market price in an active market and whose fair value cannot be reliably measured and derivatives that are linked to and must be settled by delivery of such unquoted equity instruments, they are measured at cost less any identified impairment losses.

(ii) Impairment loss on financial assets

The Group assesses, at the end of each reporting period, whether there is any objective evidence that financial asset is impaired. Financial asset is impaired if there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset and that event has an impact on the estimated future cash flows of the financial asset that can be reliably estimated. Evidence of impairment may include:

- significant financial difficulty of the debtor;
- a breach of contract, such as a default or delinquency in interest or principal payments;
- granting concession to a debtor because of debtor's financial difficulty;
- it becoming probable that the debtor will enter bankruptcy or other financial reorganisation.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) Financial instruments (Continued)

(ii) Impairment loss on financial assets (Continued)

For loans and receivables

An impairment loss is recognised in profit or loss and directly reduces the carrying amount of financial asset when there is objective evidence that the asset is impaired, and is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the original effective interest rate. The carrying amount of financial asset is reduced through the use of an allowance account. When any part of financial asset is determined as uncollectible, it is written off against the allowance account for the relevant financial asset.

For available-for-sale financial assets

Where a decline in the fair value constitutes objective evidence of impairment, the amount of the loss is removed from equity and recognised in profit or loss.

Any impairment losses on available-for-sale debt investments are subsequently reversed in profit or loss if an increase in the fair value of the investment can be objectively related to an event occurring after the recognition of the impairment loss.

For available-for-sale equity investment, any increase in fair value subsequent to an impairment loss is recognised in other comprehensive income.

For available-for-sale equity investment that is carried at cost, the amount of impairment loss is measured as the difference between the carrying amount of the asset and the present value of estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment loss is not reversed.

(iii) Financial liabilities

The Group classifies its financial liabilities, depending on the purpose for which the liabilities were incurred. The Group's financial liabilities including trade and other payables, borrowings and finance lease payables are classified as financial liabilities at amortised cost. They are initially recognised at fair value, net of directly attributable transaction costs incurred, and are subsequently measured at amortised cost using the effective interest method. The related interest expense is recognised in profit or loss. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the amortisation process.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) Financial instruments (Continued)

(iv) Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial asset or liability, or where appropriate, a shorter period.

(v) Equity instrument

An equity instrument is any contract that evidences a residual interest in the assets of the group entities after deducting all of its liabilities. Equity instruments issued by a group entity are recorded at the proceeds received, net of direct issue costs.

(vi) Derecognition

The Group derecognises a financial asset when the contractual rights to the future cash flows in relation to the financial asset expire or when the financial asset has been transferred and the transfer meets the criteria for derecognition in accordance with HKAS 39.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires.

Where the Group issues its own equity instruments to a creditor to settle a financial liability in whole or in part as a result of renegotiating the terms of that liability, the equity instruments issued are the consideration paid and are recognised initially and measured at their fair value on the date the financial liability or part thereof is extinguished. If the fair value of the equity instruments issued cannot be reliably measured, the equity instruments are measured to reflect the fair value of the financial liability extinguished. The difference between the carrying amount of the financial liability or part thereof extinguished and the consideration paid is recognised in profit or loss for the year.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) Construction contracts

Contract revenue comprises the agreed contract amount and appropriate amounts for variation orders, claims and incentive payments to the extent that it probable that they will result in revenue, and they are capable of being reliably measured. Contract costs include costs that relate directly to the specific contract and costs that are attributable to contract activity in general and can be allocated to the contract. Costs that relate directly to a specific contract comprise site labour costs (including site supervision); costs of subcontracting; costs of materials used in construction; depreciation of equipment used on the contract; costs of design, and technical assistance that is directly related to the contract.

When the outcome of a construction contract can be estimated reliably, revenue and contract costs associated with the construction contract are recognised as revenue and expenses respectively by reference to the stage of completion of the contract activity at the end of each of the reporting period.

The outcome of a construction contract can be estimated reliably when: (i) the total contract revenue can be measured reliably; (ii) it is probable that the economic benefits associated with the contract will flow to the entity; (iii) the costs to complete the contract and the stage of completion can be measured reliably; and (iv) the contract costs attributable to the contract can be clearly identified and measured reliably so that actual contract costs incurred can be compared with prior estimates. When the outcome of a construction cannot be estimated reliably (principally during early stages of a contract), contract revenue is recognised only to the extent of costs incurred that are expected to be recoverable.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

Where progress billings exceed contract costs incurred to date plus recognised profits less recognised losses, the surplus is treated as an amount due to contract customers.

Where contract costs incurred to date plus recognised profits less recognised losses exceed progress billings, the surplus is treated as an amount due from contract customers.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(h) Inventories

Inventories are initially recognised at cost, and subsequently at the lower of cost and net realisable value. Cost comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost is calculated using the first-in, first-out method. Net realisable value represents the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(i) Revenue recognition

Revenue is recognised when it is probable that the economic benefits will flow to the Group and when the revenue can be measured reliably.

Revenue from construction contracts is recognised based on the percentage of completion of the contracts. The percentage of completion is determined by reference to surveys of work performed (Note 4(g)).

Income from the sale of scrap materials is recognised when the significant risks and rewards of ownership have been transferred to the buyer, provided that the Group maintains neither managerial involvement to the degree usually associated with ownership, nor effective control over the goods sold.

Rental income from operating lease of machinery is recognised in profit or loss on a straight-line basis over the periods covered by the lease term.

Interest income from bank deposits is recognised using the effective interest method, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

Interest income from investment in a life insurance policy is recognised when it is probable that it will be received by the Group and the amount of revenue can be measured reliably.

Distributions from financial assets are recognised when the Group's right to receive payment has been established.

(j) Income taxes

Income taxes for the year comprise current tax and deferred tax.

Current tax is based on the profit or loss from ordinary activities adjusted for items that are non-assessable or disallowable for income tax purposes and is calculated using tax rates that have been enacted or substantively enacted at the end of each of the period.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for tax purposes. Except for recognised assets and liabilities that affect neither accounting nor taxable profits, deferred tax liabilities are recognised for all temporary differences. Deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Deferred tax is measured at the tax rates expected to apply in the period when the liability is settled or the asset is realised based on tax rates that have been enacted or substantively enacted at the end of each of the period.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries, associates and jointly controlled entities, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

Income taxes are recognised in profit or loss except when they relate to items recognised in other comprehensive income in which case the taxes are also recognised in other comprehensive income or when they relate to items recognised directly in equity in which case the taxes are also recognised directly in equity.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(k) Foreign currencies

Transactions entered into by group entities in currencies other than the currency of the primary economic environment in which they operate (the "functional Currency") are recorded at the rates ruling when the transactions occur. Foreign currency monetary assets and liabilities are translated at the rates ruling at the end of reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the translation of monetary items, are recognised in profit or loss in the period in which they arise. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised in other comprehensive income, in which case, the exchange differences are also recognised in other comprehensive income.

On consolidation, income and expense items of foreign operations are translated into the presentation currency of the Group (i.e. Hong Kong dollars) at the average exchange rates for the year, unless exchange rates fluctuate significantly during the period, in which case, the rates approximating to those ruling when the transactions took place are used. All assets and liabilities of foreign operations are translated at the rate ruling at the end of reporting period. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity as foreign exchange reserve (attributed to minority interests as appropriate). Exchange differences recognised in profit or loss of group entities' separate financial statements on the translation of long-term monetary items forming part of the Group's net investment in the foreign operation concerned are reclassified to other comprehensive income and accumulated in equity as foreign exchange reserve.

On disposal of a foreign operation, the cumulative exchange differences recognised in the foreign exchange reserve relating to that operation up to the date of disposal are reclassified to profit or loss as part of the profit or loss on disposal.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(l) Employee benefits

(i) Defined contribution retirement plan

The Group operates a defined contribution Mandatory Provident Fund retirement benefit scheme (the "MPF Scheme") under the Mandatory Provident Fund Schemes Ordinance for all of its employees in Hong Kong. Contributions are made based on a percentage of the employees' basic salaries and are recognised as an expense in profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme.

(ii) Short-term employee benefits

Short-term employee benefits are recognised when they accrue to employees. In particular, a provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the end of reporting period. Non-accumulating compensated absences such as sick leave and maternity leave are not recognised until the time of leave.

(iii) Termination benefits

Termination benefits are recognised on the earlier of when the Group can no longer withdraw the offer of those benefits and when the Group recognises restructuring costs involving the payment of termination benefits.

(m) Impairment of assets (other than financial assets)

At the end of each reporting period, the Group reviews the carrying amounts of the following assets to determine whether there is any indication that those assets have suffered an impairment loss or an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment;
- investments in subsidiaries (recognised in the statement of financial position of the Company (see Note 27)) and;
- interest in a joint venture.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(m) Impairment of assets (other than financial assets) (Continued)

If the recoverable amount (i.e. the greater of the fair value less costs of disposal and value in use) of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised as income immediately in profit or loss.

(n) Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group has a legal or constructive obligation arising as a result of a past event, which it is probable will result in an outflow of economic benefits that can be reliably estimated.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, the existence of which will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

(o) Cash and cash equivalents

For the purpose of the consolidated statements of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

For the purpose of the consolidated statements of financial position, cash and cash equivalents comprise cash on hand and at banks which are not restricted as to use.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(p) Related parties

(a) A person or a close member of that person's family is related to the Group if that person:

(i) has control or joint control over the Group;

(ii) has significant influence over the Group; or

(iii) is a member of key management personnel of the Group or the Company's Parent.

(b) An entity is related to the Group if any of the following conditions apply:

(i) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).

(ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).

(iii) Both entities are joint ventures of the same third party.

(iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.

(v) The entity is a post-employment benefit plan for the benefit of the employees of the Group or an entity related to the Group.

(vi) The entity is controlled or jointly controlled by a person identified in (a).

(vii) A person identified in (a)(i) has significant influence over the entity or is a member of key management personnel of the entity (or of a parent of the entity).

(viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the Group's parent.

4. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(p) Related parties (Continued)

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and include:

(i) that person's children and spouse or domestic partner;

(ii) children of that person's spouse or domestic partner; and

(iii) dependents of that person or that person's spouse or domestic partner.

5. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the consolidated financial statements of the Group requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of each of the period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

(a) Judgments other than estimates

Investment in a joint venture

The Group formed a limited liability joint venture company, Giga-Tech Rock Drilling Limited ("Giga-Tech"), with an independent third party, for the purpose of leasing machine for rental income. The Group and the other shareholder each holds an equal equity interest of 50% in Giga-Tech and represent in the board of Giga-Tech on a 50:50 basis. The directors considered that the Group and the other shareholder jointly control the relevant activities of Giga-Tech by their equal board representation and each of them shares 50% of net profit or loss of Giga-Tech based on their equal shareholding. Therefore, the investment in Giga-Tech has been accounted for as a joint venture using the equity method of accounting in the consolidated financial statements for the reporting period.

5. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (Continued)

(b) Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of each of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(i) Construction contract revenue recognition

Recognised amounts of construction contract revenue and related receivables reflect management's best estimate of each contract's outcome and stage of completion, which are determined on the basis of a number of estimates. This includes the assessment of the profitability of on-going construction contracts. For more complex contracts in particular, costs to complete and contract profitability are subject to significant estimation uncertainty. The actual outcomes in terms of total cost or revenue may be higher or lower than estimated at the end of each of the reporting period, which would affect the revenue and profit or loss recognised in future years as an adjustment to the amounts recorded to date.

(ii) Impairment of trade and other receivables

The Group estimates impairment losses of trade and other receivables resulting from the inability of the customers and other debtors to make the required payments in accordance with accounting policy stated in Note 4(f)(ii). The Group bases the estimates on the ageing of the receivable balances, debtors' creditworthiness and historical write-off experience. If the financial condition of the customers and debtors were to deteriorate, actual write-offs would be higher than estimated.

5. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (Continued)

(b) Estimates and assumptions (Continued)

(iii) Recognition of deferred tax assets

The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the Group's future taxable profit against which the deferred tax assets can be utilised, which involves a number of assumptions and estimates relating to the operating environment of the Group and requires a significant level of judgment exercised by management. Any change in such assumptions and judgment would affect the carrying amounts of deferred tax assets to be recognised and hence the profit in future periods.

(iv) Fair value measurement

Available-for-sale investment included in the consolidated financial statements requires measurement at, and/or disclosure of, fair value.

The fair value measurement of the Group's financial and non-financial assets and liabilities utilises market observable inputs and data as far as possible. Inputs used in determining fair value measurements are categorised into different levels based on how observable the inputs used in the valuation technique utilised are (the "fair value hierarchy"):

- Level 1: Quoted prices in active markets for identical items (unadjusted);

- Level 2: Observable direct or indirect inputs other than Level 1 inputs;

- Level 3: Unobservable inputs (i.e. not derived from market data).

The classification of an item into the above levels is based on the lowest level of the inputs used that has a significant effect on the fair value measurement of the item. Transfers of items between levels are recognised in the period they occur.

The Group measures available-for-sale investment (Note 17) at fair value.

For more detailed information in relation to the fair value measurement of the items above, please refer to the applicable notes.

6. SEGMENT INFORMATION

Operating segments

The Group was principally engaged in provision of foundation works including piling construction, ELS works, pile cap construction, site formation and ancillary services in Hong Kong and Macau. Information reported to the Group's chief operating decision maker, for the purpose of resources allocation and performance assessment, focuses on the operating results of the Group as a whole, as the Group's resources are integrated and no discrete operating segment financial information is available. Accordingly, no operating segment information is presented.

Geographical information

All of the Group's revenue was derived from Hong Kong, based on the location of the customers, and all of its non-current assets were located in Hong Kong, based on the location of assets. Therefore, no geographical information is presented.

Information about major customers

Revenue attributed from customers that accounted for 10% or more of the Group's total revenue during the year is as follows:

	2018 HK$'000	2017 HK$'000
Customer A	*	66,454
Customer B	–	40,665
Customer C	33,912	*
Customer D	*	130,273
Customer E	26,037	–
Customer F	30,211	*

* Less than 10% of the Group's revenue

7. REVENUE, OTHER INCOME AND OTHER GAINS AND LOSSES

The Group's revenue represents amount received and receivable from contract work performed and recognised in accordance with accounting policy set out in Note 4(i) above during the year.

An analysis of the Group's other income and other gains and losses recognised during the year are as follows:

11. DIRECTORS' REMUNERATION AND FIVE HIGHEST PAID INDIVIDUALS (Continued)

(i) Details of the directors' remuneration paid or payable for the years ended 31 March 2018 and 2017 are as follows: (Continued)

* Mr. Siu Miu Man was appointed as the independent non-executive director of the company on 6 June 2016 and resigned on 22 January 2018.

** Mr. Wong Yip Kong was appointed as the independent non-executive directors of the Company on 22 January 2018.

During the year, none of the directors waived or agreed to waive any remuneration and there were no emoluments paid by the Group to any of the directors as an inducement to join, or upon joining the Group, or as compensation for loss of office (2017: Nil).

(ii) Five highest paid individuals

The five highest paid individuals whose emoluments were the highest in the Group included 3 (2017: 2) directors for the year ended 31 March 2018, whose emoluments are reflected in the analysis as shown above. The remuneration of the remaining highest paid individuals is as follows:

	2018 HK$'000	2017 HK$'000
Basic salaries, bonuses and other allowances	2,620	3,410
Post-employment benefits – contribution to defined contribution retirement plan	36	54
	2,656	3,464

11. DIRECTORS' REMUNERATION AND FIVE HIGHEST PAID INDIVIDUALS (Continued)

(ii) Five highest paid individuals (Continued)

Their remuneration fell within the following bands:

	2018 Number of employees	2017 Number of employees
HK$1,000,001 to HK$1,500,000	2	3

During the year, none of the five highest paid individuals waived or agreed to waive any remuneration and there were no emoluments paid by the Group to any of the five highest paid individuals as an inducement to join, or upon joining the Group, or as compensation for loss of office (2017: Nil).

(iii) Senior management's emoluments excluding the directors

The emoluments paid or payable to members of senior management (excluding the directors) were within the following bands:

	2018 Number of employees	2017 Number of employees
Nil to HK$1,000,000	1	2
HK$1,000,001 to HK$1,500,000	4	4
	5	6

The emoluments of 2 (2017: 3) members of senior management are included in five highest paid individuals for the year ended 31 March 2018 as set out in Note 11 (ii) above.

12. INCOME TAX CREDIT/(EXPENSE)

The amount of income tax credit/(expense) in the consolidated statement of profit or loss and other comprehensive income represents:

	2018 HK$'000	2017 HK$'000
Current tax – Hong Kong profits tax		
– charge for the year	(179)	(10,214)
– over-provision in respect of prior years	266	–
Deferred tax credit (Note 25)	4,817	446
Income tax credit/(expense)	4,904	(9,768)

Hong Kong profits tax is calculated at 16.5% (2017: 16.5%) of the estimated assessable profits during the year.

The income tax credit/(expense) for the year applicable to (loss)/profit before income tax expense at the statutory rate for Hong Kong, the jurisdiction in which majority of the Group's operations are domiciled, can be reconciled to the income tax credit/(expense) at the effective tax rate per the consolidated statement of profit or loss and other comprehensive income as follows:

	2018 HK$'000	2017 HK$'000
(Loss)/profit before income tax expense	(30,620)	46,213
Tax calculated at the applicable statutory tax rate for Hong Kong of 16.5%	5,052	(7,625)
Tax effect of share of loss of a joint venture	(6)	(1)
Tax effect of income not subject to tax	32	18
Tax effect of expense not deductible for tax purpose	(470)	(2,200)
Tax reduction enacted by the local authority	30	40
Over-provision in respect of prior years	266	–
Income tax credit/(expense) at the effective tax rate	4,904	(9,768)

13. DIVIDENDS

During the year ended 31 March 2017, interim dividends of HK$800 per ordinary share or in aggregate of HK$80,000,000 were declared by a subsidiary of the Company, Simon & Sons Engineering Limited ("S&S Engineering") to its then shareholders prior to the completion of the reorganisation. Part of the interim dividends amounting to approximately HK$19,831,000 was settled by way of offsetting against the net outstanding amounts due from directors, and the remaining interim dividend amounting to approximately HK$60,169,000 was paid in cash.

No dividend has been paid or declared by the Company since its date of incorporation.

14. (LOSS)/EARNINGS PER SHARE

The calculation of the basic (loss)/earnings per share attributable to the ordinary equity holders of the Company is based on the following data:

	2018 HK$'000	2017 HK$'000
(Loss)/earnings		
(Loss)/profit for the year attributable to owners of the Company	(25,716)	36,445

	2018 Number of shares '000	2017 Number of shares '000
Number of shares		
Weighted average number of ordinary shares for the purpose of basic (loss)/earnings per share (Note)	684,750	597,629

Note:

Weighted average number of ordinary shares for the year ended 31 March 2018 is based on the number of ordinary shares in issue throughout the year ended 31 March 2018 as set out in Note 26(a).

Weighted average of approximately 597,629,000 ordinary shares for the year ended 31 March 2017 is calculated based on the weighted average of approximately 52,629,000 ordinary shares issued upon the share offer and exercise of the over-allotment option respectively during the year ended 31 March 2017, in addition to 545,000,000 ordinary shares being the number of shares in issue immediately after the completion of capitalisation issue of shares as detailed in Note 26(a)(iii). Aforementioned 545,000,000 ordinary shares are deemed to have been issued from the beginning of the previous financial year and up to 10 November 2016, immediately before the completion of the public offer and placing of shares during the year ended 31 March 2017.

Diluted (loss)/earnings per share is same as basic (loss)/earnings per share as there was no potential dilutive ordinary shares for the years ended 31 March 2018 and 2017.

Giga-Tech Rock Drilling Limited ("Giga-Tech")	Limited liability company	Hong Kong	Hong Kong, dormant	N/A	50%

The Group formed a limited liability joint venture, Giga-Tech with an independent third party for the purpose of leasing machines for rental income.

All profit made or loss incurred by Giga-tech shall be shared between the Group and the independent third party on a 50:50 basis and shall be distributed or contributed respectively. The directors consider the Group had a joint control over the relevant activities of the Giga-tech and had classified the investment in Giga-tech as a joint venture.

Giga-Tech ceased its business on 15 May 2015 and was deregistered on 7 April 2017 pursuant to the deregistration certificate.

16. INTEREST IN A JOINT VENTURE (Continued)

Summarised financial information in relation to the joint venture is presented below:

17. INVESTMENT IN A LIFE INSURANCE POLICY

During the year ended 31 March 2015, the Group entered into a life insurance policy with an insurance company to insure against the death of a director, Mr. Chan Lap Wai Gary (the "Insured"), with an aggregate insured sum of US$1,000,000 (equivalent to approximately HK$7,525,000). Under the policy, the beneficiary and policyholder is S&S Engineering. The Group was required to pay a single premium payment of US$355,797 (equivalent to approximately HK$2,763,000). An annual minimum guaranteed return is 4.2% and 2% for the first year and from the second year to the end of the policy, respectively. As at 31 March 2018, if the Group withdrew from the insurance contract, the account value, net of a surrender charge, would be refunded to the Group. The surrender charge as at 31 March 2018 is US$51,186 (approximately HK$401,723) (2017: US$52,638 (approximately HK$409,000)). The amount of the surrender charge decreases over time and will no longer be required from the 19th year of contract conclusion onwards.

The directors consider that the carrying amount of the investment in a life insurance policy approximates to its fair value. The fair value of the investment in a life insurance policy is provided by the insurance company which is determined with reference to the account value, net of a surrender charge.

As at 31 March 2018 and 2017, the Group's investment in a life insurance policy is grouped into Level 3 category of fair value hierarchy.

18. INVENTORIES

	519,780	950,623
Less: progress billings	(440,872)	(816,798)
	78,908	133,825
Represented by:		
Amounts due from customers for contract work	78,908	133,825

As at 31 March 2018, retentions held by customers for contract work included in trade and other receivables (Note 20) amounted to approximately HK$19,224,000 (2017: approximately HK$43,646,000).

As at 31 March 2018, the Group has impairment of approximately HK$7,808,000 (2017: Nil) on amounts due from customers for contract work in which the directors consider that it is not recovered.

20. TRADE AND OTHER RECEIVABLES

	2018 HK$'000	2017 HK$'000
Trade receivables (Note (a))	17,058	20,620
Retention receivables (Note (b) and Note 19)	19,224	43,646
Other receivables (Note (c))	2,438	6,436
Prepayments and deposits (Note (d))	11,130	6,470
	49,850	77,172
Less: Non-current portion		
Deposits paid for acquisition of plant and machinery (Note (d))	–	(3,199)
Prepayment (Note (d))	(383)	–
Current portion	49,467	73,973

Note:

(a) Trade receivables were mainly derived from provision of foundation works, including piling construction, ELS works, pile cap construction, site formation and ancillary services, and are non-interest bearing. The Group does not hold any collateral or other credit enhancements over these balances.

A credit period of less than 60 days is granted by the Group to its trade customers of contract work. Application for progress payments of contract works is made on a regular basis.

The following is an analysis of trade receivables by age, presented based on the invoice dates:

	2018 HK$'000	2017 HK$'000
Less than 1 month	13,309	20,090
1 to 3 months	3,726	–
More than 3 months but less than one year	–	530
Over one year	23	–
	17,058	20,620

20. TRADE AND OTHER RECEIVABLES (Continued)

Note: (Continued)

The ageing of trade receivables that are not individually nor collectively considered to be impaired is as follows:

	2018 HK$'000	2017 HK$'000
Neither past due nor impaired	15,543	16,574
Less than 1 month past due	–	3,516
1 to 3 months past due	1,492	–
More than 3 months past due but less than 12 months past due	–	530
Over 12 months	23	–
	17,058	20,620

Trade receivables that were neither past due nor impaired relate to customers for whom there is no recent history of default.

Trade receivables that were past due but not impaired relate to customers that have a good track record with the Group. Based on past experience, management is of the opinion that no provision for impairment is necessary in respect of these receivables as there has not been a significant change in credit quality and the credit risk is minimal.

(b) Retention receivables

Retention monies withheld by customers of contract works are released after the completion of maintenance period of the relevant contracts or in accordance with the terms specified in the relevant contracts.

Retention receivables as at 31 March 2018 and 2017 were neither past due nor impaired. These related to customers for whom there was no recent history of default.

Included in retention receivables of approximately HK$841,000 (2017: HK$13,846,000) were expected to be recovered more than twelve months after the reporting period. The remaining balances of retention receivables were expected to be recovered within 1 year after the reporting period.

20. TRADE AND OTHER RECEIVABLES (Continued)

Note: (Continued)

(c) Other receivables

Movement in the provision for impairment of other receivables:

	2018 HK$'000	2017 HK$'000
At 1 April	284	–
Impairment loss recognised	–	284
At 31 March	284	284

Included in the Group's provision for impairment of other receivables is an individually impaired other receivables with a carrying amount of approximately HK$284,000 as at 31 March 2018 (2017: HK$284,000) in which the directors consider that it is unlikely to recover these long outstanding balances. The Group does not hold any collateral over these balances.

Other than the aforementioned impaired other receivables, the remaining balances of other receivables were neither past due nor impaired. Financial assets included in these balances are non-interest bearing and related to receivables for which there was no recent history of default.

(d) Financial assets included in these balances were neither past due nor impaired, non-interest bearing and relate to receivables for which there was no recent history of default.

21. PLEDGED BANK DEPOSITS/CASH AND CASH EQUIVALENTS

	2018 HK$'000	2017 HK$'000
Cash and bank balances	50,091	70,592
Short-term deposits	18,126	14,049
	68,217	84,641
Less: pledged bank deposits	(18,126)	(14,049)
Cash and cash equivalents	50,091	70,592

Cash at banks earns interest at floating rates based on daily bank deposit rates. Short-term deposits are made for varying periods of between one to three months, and earn interest at the respective short-term deposit rates. The bank balances and short-term deposits are deposited with creditworthy banks with no recent history of default.

The Group has pledged its short-term deposits as securities for its banking facilities.

As at 31 March 2018 and 2017, the Group's banking facilities were secured by:

(a) the Group's bank deposits amounting to approximately HK$18,126,000 (2017: HK$14,049,000);

(b) blanket counter indemnity from the Group.

22. TRADE AND OTHER PAYABLES

	2018 HK$'000	2017 HK$'000
Trade payables (Note (a))	9,447	41,361
Retention payables (Note (b))	8,078	21,812
Other payables and accruals (Note (c))	6,158	12,321
	23,683	75,494

Note:

(a) An ageing analysis of trade payables, based on the invoice dates, is as follows:

	2018 HK$'000	2017 HK$'000
Current or less than 1 month	3,730	30,302
1 to 3 months	4,171	10,476
More than 3 months but less than one year	1,447	343
More than one year	99	240
	9,447	41,361

The Group's trade payables are non-interest bearing and generally have payment terms of 7 to 60 days.

(b) Retention monies withheld from sub-contractors of contract works are released by the Group after the completion of maintenance period of the relevant contracts or in accordance with the terms specified in the relevant contracts.

Included in retention payables of approximately HK$1,315,000 (2017: HK$10,608,000) were expected to be settled more than twelve months after the reporting period. The remaining balances of retention payables were expected to be settled within one year after the reporting period.

(c) Other payables are non-interest bearing and generally have payment term of 30-60 days.

23. AMOUNT DUE TO ULTIMATE HOLDING COMPANY

The amount was unsecured, interest-free and has no fixed terms of repayment.

24. LEASES

(a) Finance leases

The Group leases a number of its plant and machinery for business use. Such assets are generally classified as finance leases as the rental period amounts to the estimated useful economic life of the assets concerned and often the Group has the right to purchase the assets outright at the end of the minimum lease term by paying a nominal amount.

Future lease payments are due as follows:

	Minimum lease payments HK$'000	Interest HK$'000	Present value HK$'000
As at 31 March 2018			
Not later than one year	1,816	62	1,754
Later than one year and not later than two years	567	6	561
	2,383	68	2,315

	Minimum lease payments HK$'000	Interest HK$'000	Present value HK$'000
As at 31 March 2017			
Not later than one year	2,971	170	2,801
Later than one year and not later than two years	1,816	62	1,754
Later than two years and not later than five years	567	6	561
	5,354	238	5,116

24. LEASES (Continued)

(a) Finance leases (Continued)

The present value of future lease payments are analysed as:

	2018 HK$'000	2017 HK$'000
Current liabilities	1,754	2,801
Non-current liabilities	561	2,315
	2,315	5,116

(b) Operating leases – lessee

The Group leased its office premises under operating lease arrangements which were negotiated for terms ranging from one to three years (2017: one to three years).

The total future minimum lease payments under non-cancellable operating leases are due as follows:

	2018 HK$'000	2017 HK$'000
Not later than one year	3,000	2,176
Later than one year and not later than two years	1,983	1,549
Later than two years and not later than five years	–	620
	4,983	4,345

25. DEFERRED TAX LIABILITIES

Details of the deferred tax assets and liabilities recognised and movements during the current and prior years:

	Accelerated depreciation allowances HK$'000	Tax losses HK$'000	Total HK$'000
At 1 April 2016	(6,961)	–	(6,961)

At 31 March 2017, 1 April 2017 and 31 March 2018	(vi)	684,750,000	6,848

Note:

(i) Pursuant to a written resolution passed on 24 October 2016, the authorised share capital of the Company was increased from HK$380,000 divided into 38,000,000 shares of HK$0.01 each to HK$20,000,000 divided into 2,000,000,000 shares of HK$0.01 each by the creation of additional 1,962,000,000 shares.

(ii) On 7 October 2016, 9,999 shares of the Company, all credited as fully paid at par, were allotted and issued to the ultimate holding company as consideration for the acquisition of the entire issued share capital of Favourable Year Limited, a wholly owned subsidiary of the Company.

26. SHARE CAPITAL AND RESERVES (Continued)

(a) Share capital (Continued)

Note: (Continued)

(iii) Pursuant to a written resolution of the then sole shareholder of the Company passed on 24 October 2016, the directors were authorised to capitalise a sum of approximately HK$5,450,000 from the amount standing to the credit of the share premium account of the Company and applied such amount to pay up in full at par of 544,990,000 ordinary shares of the Company ("Capitalisation Issue") issued to Creative Elite Global Limited, the controlling shareholder of the Company.

(iv) On 11 November 2016, the Company's shares were listed on the Main Board of the Stock Exchange and 115,000,000 new shares of the Company were issued for a cash consideration of HK$0.80 per share.

(v) On 1 December 2016, the over-allotment option was exercised by the bookrunner, C.P. Securities International Limited, whereby 24,750,000 new shares of the Company were issued for a cash consideration of HK$0.80 per share on 2 December 2016.

(vi) The share capital of the Group as at 31 March 2016 represents the aggregate amount of the share capital of the subsidiaries and such amount was offset against the merger reserve upon the Reorganisation. On 7 October 2016, the Reorganisation was completed, and therefore the share capital presented as at 31 March 2018 and 2017 represented the issued share capital of the Company.

26. SHARE CAPITAL AND RESERVES (Continued)

(b) Reserves

The amounts of the Group's reserves and the movements therein for the current and prior years are presented in the consolidated statement of changes in equity of the financial statements. Movements in the Company's reserves during the years are as follows:

26. SHARE CAPITAL AND RESERVES (Continued)

(b) Reserves (Continued)

The nature and purpose of reserves within equity are as follows:

(i) Share premium

Share premium account of the Group represents the excess of the proceeds received over the nominal value of the Company's shares issued.

(ii) Merger reserve

Merger reserve of the Group represents the difference between the investment costs in subsidiaries and the nominal value of the issued share capital of the Group's subsidiaries.

(iii) Contributed surplus

Contributed surplus of approximately HK$123,683,000 represents the excess of the then carrying amount of the Company's share of equity value of a subsidiary namely Favourable Year Limited acquired and the nominal value of the Company's shares issued for such acquisition.

(iv) Capital reserve

Pursuant to a written confirmation, the ultimate holding company agreed to bear the listing expenses in connection with 50,000,000 sale shares sold through the public offer and placing of the Company' shares during the year and reimburse its share of these expenses to the Company upon the listing of the Company's share on the Main Board of the Stock Exchange. The reimbursement of approximately HK$3,446,000 by the ultimate holding company in its capacity as a shareholder was accounted for as capital contribution to the Company.

(v) Available-for-sale financial asset reserve

It represents unrealised gains or losses recognised as other comprehensive income in relation to investment in a life insurance policy.

(vi) Foreign exchange reserve

It comprises all foreign exchange differences arising from the translation of the financial statements of foreign operation.

(vii) Retained earnings

It represents cumulative net profits recognised in the consolidated statement of profit or loss and other comprehensive income.

30. FINANCIAL RISK MANAGEMENT

The Group's principal financial assets are trade and other receivables, investment in a life insurance policy and cash and cash equivalents that derive principally directly from its operations. Principal financial liabilities of the Group include trade and other payables, amount due to ultimate holding company and finance lease payables. The main purpose of these financial liabilities is to finance the Group's operations.

The Group has not issued and does not hold any financial instruments for trading purposes at the end of each of the reporting period. The main risks arising from the Group's financial instruments are credit risk, liquidity risk and interest rate risk.

The Group's financial risk management policy seeks to ensure that adequate resources are available to manage the above risks and to create value for its shareholders.

(a) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily for trade receivables) and deposits with banks and investment in a life insurance policy.

The credit risk of Group's trade receivables is concentrated, since 36% of which was derived from the five largest customers as at 31 March 2018 (2017: 76%). Management considered the credit risk is limited since the Group trades only with customers with an appropriate credit history and good reputation. The management monitored the financial background and creditability of those trade debtors on an ongoing basis.

The Group had a concentration of credit risk as certain of the Group's trade receivables were due from the Group's five largest customers as detailed below.

	2018 HK$'000	2017 HK$'000
Five largest customers	6,207	15,609

30. FINANCIAL RISK MANAGEMENT (Continued)

(a) Credit risk (Continued)

Credit risk on other receivables is minimal as the Group performs ongoing credit evaluation on the financial condition of its debtors and tightly monitors the ageing of the receivable balances. Follow up action is taken in case of overdue balances. In addition, management reviews the recoverable amount of the receivables individually and collectively at each reporting date to ensure that adequate impairment losses are made for irrecoverable amounts. The credit policies have been followed by the Group during the reporting period and are considered to have been effective in limiting the Group's exposure to credit risk to a desirable level. None of the Group's financial assets are secured by collateral or other credit enhancements.

The Groups major bank balances and investment in a life insurance policy are deposited with banks or counterparties, or underwritten by an insurer, with good reputation and with high credit-ratings assigned by international credit-rating agencies and hence management does not expect any losses from non-performance by these banks, counterparties or the insurer.

(b) Liquidity risk

In the management of liquidity risk, the Group's policy is to regularly monitor its liquidity requirements and its compliance with lending covenants in order to maintain sufficient reserves of cash and adequate committed lines of funding from major banks to meet its liquidity requirements in the short and long term. The liquidity policies have been followed by the Group during the years and are considered to have been effective in managing liquidity risk.

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. The maturity dates for non-derivative financial liabilities are based on the agreed repayment dates. The table includes both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rates at the end of the reporting period.

	46,092	18,088	3,369	13,649	81,198

30. FINANCIAL RISK MANAGEMENT (Continued)

(c) Interest rate risk

The Group is exposed to cash flow interest rate risk in relation to variable-rate bank balances. The Group currently does not have a policy on cash flow hedges of interest rate risk. However, management monitors interest rate exposure and will consider hedging significant interest rate risk should a need arise.

Sensitivity analysis

The sensitivity analysis below has been determined based on the exposure to interest rates for variable-rate bank balances. The analysis is prepared assuming that the amount of assets outstanding at the end of each reporting period were outstanding for the whole year. 25 basis points increase or decrease represent management's assessment of the reasonably possible change in interest rates of bank balances. The calculation of 25 basis points decrease in interest rates of bank balances excluded the bank balances in Hong Kong and Macau of approximately HK$50,091,000 at 31 March 2018 (2017: HK$70,592,000), which carried interest rates below 0.25%.

If interest rates on bank balances had been 25 basis points higher/lower and all other variables were held constant, the potential effect on the Group's post-tax profit or loss for the years ended 31 March 2018 and 2017 is as follows:

	2018 HK$'000
Decrease in loss for the year and increase in retained earnings – as a result of increase in interest rate	38

	2017 HK$'000
Increase in profit for the year and increase in retained earnings – as a result of increase in interest rate	29

30. FINANCIAL RISK MANAGEMENT (Continued)

(d) Capital risk management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholder and to maintain an optimal capital structure to reduce the cost of capital.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt. No changes in the objectives, policies or processes were made during the year.

The Group monitors capital using a gearing ratio, which is interest-bearing debts divided by the total equity.

	2018 HK$'000	2017 HK$'000
Interest-bearing debts	2,315	5,116
Total equity	228,283	253,962

31. SUMMARY OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES BY CATEGORY (Continued)

The fair value of the Group's investment in a life insurance policy as at 31 March 2018 and 2017 classified as an available-for-sale investment is determined based on the account value less surrender charge, as provided by the insurers. The directors believe that the estimated fair value resulting from the valuation technique, which is recorded in the consolidated statement of financial position, and the related changes in fair value, which is recorded in other comprehensive income, is reasonable, and that it was the most appropriate value at the end of the reporting period.

Below is a summary of significant unobservable inputs to the valuation together with a quantitative sensitivity analysis as at 31 March 2018 and 2017:

	Valuation technique	Significant unobservable input	Value	Sensitivity of fair value to the input
Investment in a life insurance policy classified as an available-for-sale investment	N/A	Account value	31 March 2018: approximately HK$2,890,000 (2017: HK$2,796,000)	5% increase in account value would result in increase in fair value by approximately HK$144,500 (2017: HK$140,000)

32. RELATED PARTY TRANSACTIONS

Key management personnel compensation

The key management personnel of the Group are the directors of the Company. Details of the remuneration paid to them during the current and prior years are set out in Note 11 to the consolidated financial statements.

33. SHARE OPTION SCHEME

The shareholders of the Company have adopted a share option scheme (the "Scheme") on 24 October 2016.

A summary of the Scheme is set out as below:

(i) The Scheme became effective for a period of 10 years commencing from the date on which Scheme becomes unconditional.

(ii) Under the Scheme, a subscription price shall be a price solely determined by the board of directors and notified to a participant and shall be at least the higher of: (i) the closing price of our shares as stated in the Stock Exchange's daily quotations sheet on the date of grant of the option, which must be a business day; (ii) the average of the closing prices of our shares as stated in the Stock Exchange's daily quotations sheets for the five business days immediately preceding the date of grant of the option; and (iii) the nominal value of a share on the date of grant of the option.

(iii) An offer for the grant of options must be accepted within seven days inclusive of the day on which such offer was made.

(iv) The maximum number of shares issuable upon exercise of all options to be granted under the Scheme and any other share option schemes of our Company (excluding, for this purpose, shares issuable upon exercise of options which have been granted but which have lapsed in accordance with the terms of the Scheme or any other share option schemes of our Company) must not in aggregate exceed 10% of all our shares in issue as at the listing date.

No options have been granted since the adoption of the Scheme.

34. CAPITAL COMMITMENTS

	2018 HK$'000	2017 HK$'000
Capital expenditure in respect of the acquisition of property, plant and equipment contracted for but not provided in the consolidated financial statements	–	7,476

35. LITIGATIONS

At the end of the reporting period, there were a number of labour claims arising from the normal course of business being lodged against the Group and no specific claim amount has been specified in the applications of these claims. In the opinion of the directors, the Group has sufficient insurance coverage to cover the loss, if any, arising from these claims and therefore the ultimate liability under these claims and possible outflow of resources in settling these claims would not have a material adverse impact on the financial position or results of the Group.

36. APPROVAL OF THE CONSOLIDATED FINANCIAL STATEMENTS

The consolidated financial statements were approved and authorised for issue by the board of directors on 27 June 2018.
